SeaChoice: A Sustainable Seafood Canada initiative

*to inform individuals and businesses on choices that encourage a global shift to sustainable aquaculture
and long ocean health.*

"Healthy choices mean healthy oceans."

*Vic's is proud to offer a variety of dishes
tailored to our vegetarian guests*

Welcome to Vic's Steakhouse & Bar, a passionately Canadian restaurant with other locations in Edmonton and Canmore, Alberta.

Here in Victoria, our culinary team has a passion for sourcing local, organic ingredients from Vancouver Island and the British Columbia region to show you all the amazing products that come from our very own backyard.

We work closely with local farmers to gain access to fresh produce, which is highlighted on our seasonal menus. From Salt Spring Island mussels, local artisan cheeses, and seasonal organic vegetables from Eagle Paws Organics Farm, we make every effort to offer you fresh, quality ingredients.

Finally, we are passionate about providing each guest with fine Canadian hospitality and excellent service. If preference or diet dictates a change in your menu selection, please let us know. We hope you enjoy your West Coast dining experience.

Executive Chef, Chris Bailey
Director of Food & Beverage, Corey Jessup
